

FEATURES AND BENEFITS

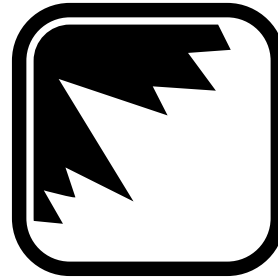

TWIN WALL POLYCARBONATE GLAZING FOR SQUARE AND RECTANGLE SKYLIGHTS.

EXCELLENT INSULATION

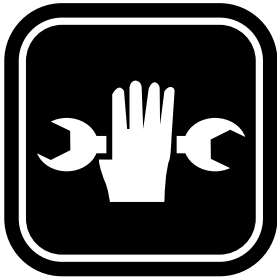

CONTROLLED DAYLIGHT TRANSMISSION

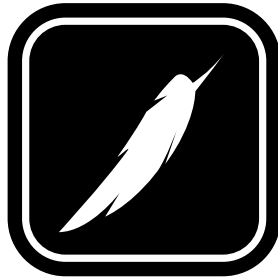

VIRTUALLY UNBREAKABLE

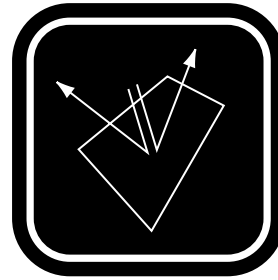

FLAME RETARDANT

FLEXIBLE AND EASY TO INSTALL

LIGHTWEIGHT

UV BLOCKING LAYER

ENVIRONMENTALLY FRIENDLY

FEATURES:

Light Transmittance	Clear 80%
Factor w/m ²	3.6
Weight kg per Metre ²	1.3
Fire Ratings	AS1530.3 1982

Polycarbonate sheets have been tested in accordance with the Australian Standard 1530.3/1982.

Acolum Skylights Supalite Plus Skylight Test 972751 exceeded AS4285

The test standard for the early fire hazard properties of materials and covers four categories.

Ignitability	Spread of flame	Heat evolved	Smoke Developed
Test Index 0-20	Test Index 0-20	Test Index 0-20	Test Index 0-20
0	0	0	2
